

Blackboard Connect Information System

Dear Parents, Guardians, and Students:

The Huntsville School District utilizes a messenger system called Blackboard Connect to communicate with parents, guardians, students, and the community. We implemented the program to improve communication with the public. Blackboard Connect allows us to send messages both efficiently and quickly to the patrons of our school district.

Each building has its own messaging capabilities. **Weekly announcements, event schedule changes, lunch menus, and inclement weather messages** are just a few ways Blackboard Connect will be used to provide you with information. The messages are delivered in a variety of ways, depending on your preference. Information may reach **you via email, telephone (home or cell), or text message**. Phone numbers and email addresses have been uploaded from our student system into Blackboard Connect. **The accuracy of this information is important.** Please contact your child's school to update telephone numbers and let them know which method of communication you prefer (email, text, call).

If you need to update information or sign up for Blackboard Connect, complete this form and return it to your child's school.

Student's Name _____

Grade _____

Contact phone number _____

Phone call preferred _____ Text preferred _____

Email address _____

Thank you for updating your information and helping us deliver important messages to our community!
